

KLEVER ECOXCHANGE

THE FIRST RECYCLED PLASTIC SAFETY CUTTER

The Klever EcoXChange is the **FIRST** recycled plastic safety cutter and is an ideal solution to support your company's sustainability objectives.

The reusable handle and replaceable blade head design allows you to reduce plastic waste. Keep the handle, replace the head!

- Reusable handle made from 100% pre-consumer recycled plastic.
- Reduce plastic waste by reusing the handle and only replacing the blade head.
- Concealed high-quality carbon steel blade reduces cut injuries and damaged goods.
- Made with advanced plastic polymers for superior strength and durability.
- Utilizes eco-conscious packaging.
